

# MDEM took place in "EU Career Days"

On September 21-23 "EU Career Days" took place in Mykolaiv within the project "Information support of EU Networks in Ukraine", financed by the Delegation of the European Union to Ukraine.

The co-organizer of the event is Admiral Makarov National University of Shipbuilding. In the lobby of NUOS was organised a large-scale initiative - the Job fair, where the leading companies of Mykolaiv, including Marine Design Engineering Mykolayiv, were invited to participate.

MDEM is developing dynamically, with more than 200 employees and most of them are NUOS graduates. Representatives of a wide range of specialties of the University have joined MDEM ranks: Shipbuilding Educational Scientific Institute, Mechanical ESI, Faculty of Maritime Economy, ESI of Computer Science and Project Management.

Therefore, participation in the Job fair is an important component of the company's HR-branding, it allows to declare yourself as an employer at the stage of future specialists formation. It

is so important for a student to know that after graduation his knowledge and skills will be in demand among employers, or even to choose a target company in advance and gain competencies for desired position obtaining in the future.

MDEM representatives told students about the company's activities, its structure, requirements to employee and its benefits as an employer, opportunities of internship and further employment.

We are sure that MDEM and NUOS cooperation, as like as time spent in close communication at the Job fair, will be the key to employment of a cohort of young, talented, ambitious students! Follow our news to get to know about open vacancies in the company. ■
