Our expertise on (Chemical) Tankers

A chemical tanker with LOA 145 meter, during her passage through Red Sea got attacked with missiles on main deck and accommodation area. We have provided a detailed quote and brought the vessel to our yard in Sharjah Hamriyah.

Scope of works:

- Renewed main deck plating 14 meter long x 9 meter wide with stainless steel material.
- Renewed the electrical cables in way of conduit pipes and various deck equipment in way of damage.
- Refurbished the complete accommodation in way of damage
- Delivered on time, on quality, on budget in four weeks.

Our expertise on Collision Damage Repairs

A bulk carrier with LOA 200 meter, had a collision with another vessel at Fujairah anchorage. We have renewed side shell and its accessories in way of an area 40 meter long x 12 meter wide. The project was completed within four weeks.

An anchor handler had a head on collision resulting to the complete damage of the bulbous bow. We have prefabricated the new bulbous bow at our workshop as per the drawing and completed the damage repairs in three weeks of time.

Our expertise on Fire Damage Repairs

A 8000 TEU container vessel had a fire in the engine room resulting the damage of 14,000 meters of electrical cables, fire damage to main engine, various electric motors and pumps. We have renewed the cables, rewind electric motors and repaired ME damage under makers supervision. Including engineroom painting, the project took four weeks to complete.

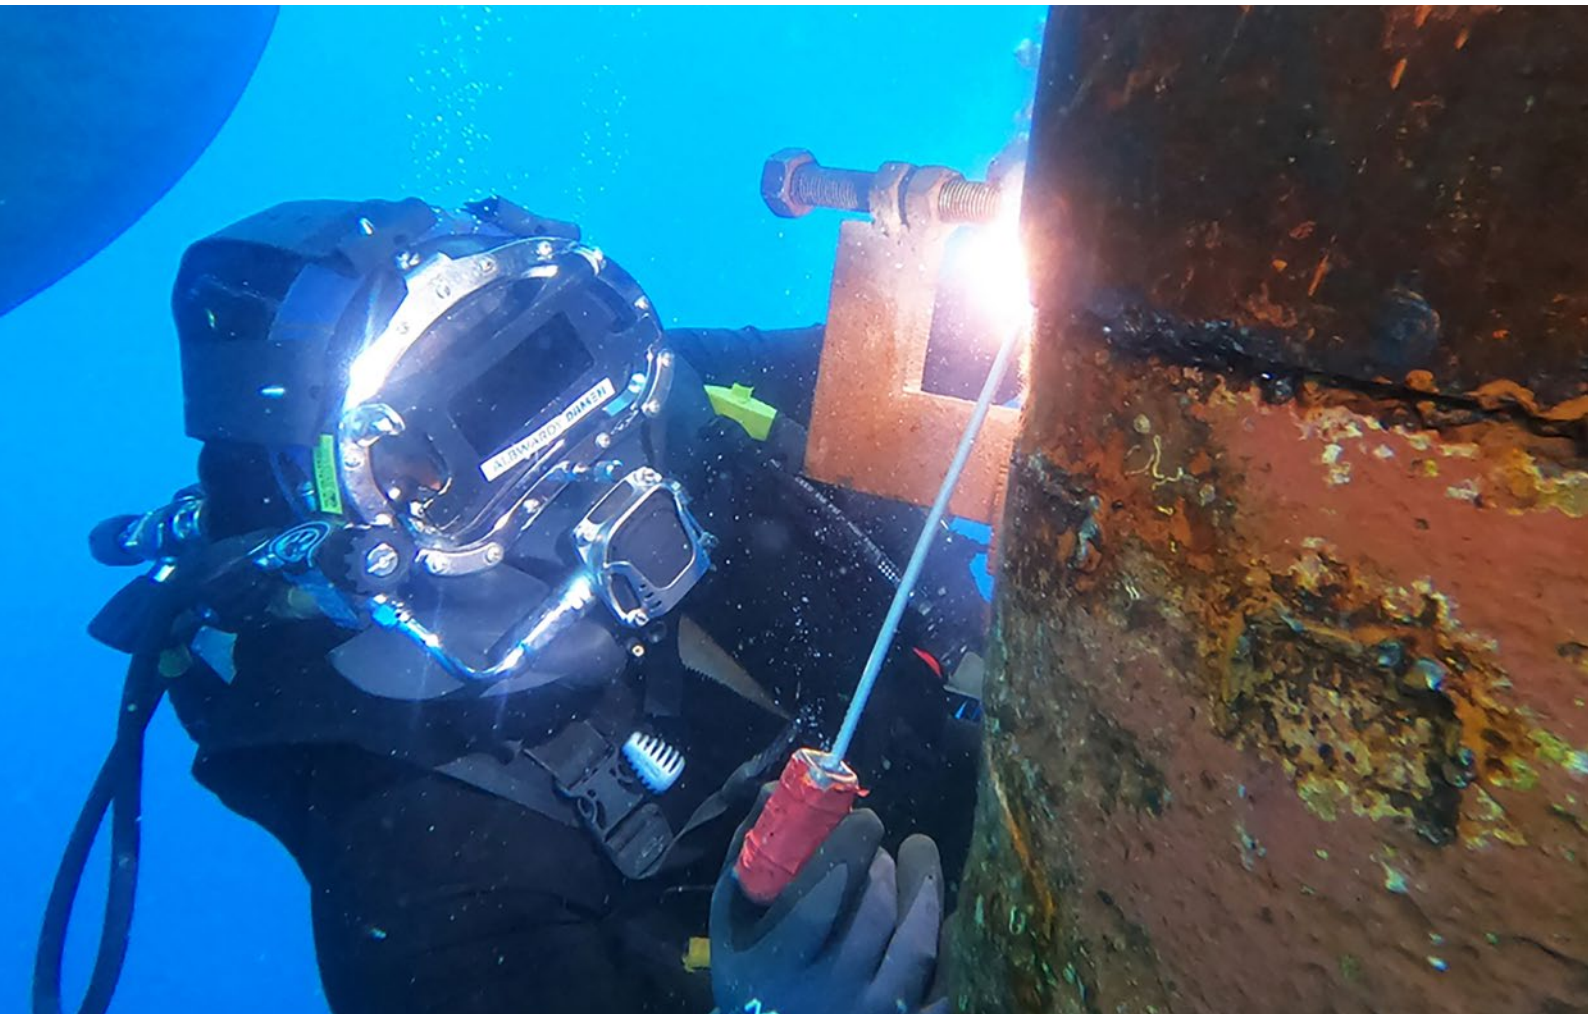

A 9000 TEU container vessel had a fire in the auxiliary engine compartment. We have overhauled the auxiliary engine, cleaned the generator and carried out the renewal of associated cables in the affected area. Including delivery of spareparts, the project was delivered on time, on budget in four weeks.

Our strength:

- › IN DEPTH JOB MAPPING WITH PRECISE QUOTATIONS
- › SUCCESSFULLY CARRIED OUT 30 PLUS PROJECTS SINCE 2021

- › OUR TEAMS CAN MOBILIZE AND COMMENCE THE WORKS IMMEDIATELY
- › POWERED BY 1700 EMPLOYEES WITH ALL THE TRADES INHOUSE

Our repair locations in United Arab Emirates:
