OCEANS OF POSSIBILITIES

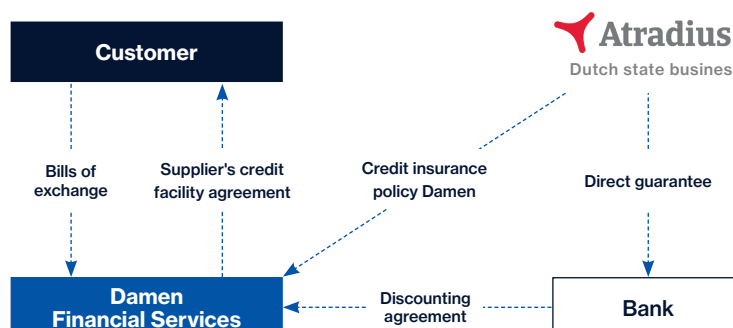

## Supplier's credit

Damen Financial Services supports you in realizing your business objectives by offering the right financing solution.

We support everything; from start-ups to large corporates as well as government bodies and have over 40 years of experience in arranging export loans and lease facilities. During this period long lasting relationships have been developed with national and international commercial banks, export credit insurers, investors and (multilateral) institutions.

Criteria for offering a supplier's credit; vessels with limited refurbishment/repair time:

- Customer has operational know how
- Solid business case for the vessel

To identify and support your project, Damen Financial Services requests:

- Last three years audited financial statements
- Ownership structure of the company
- Projected cash flow analysis
- Other documentation or guarantees may be requested on further assessment

To find out more about Damen Financial Services contact the Damen sales manager of your region or visit our website >>
